## SUMMARY

To be an integral part of a dynamic organization where my knowledge and computer programming skills can contribute to mutual growth and provide an opportunity to work with emerging technologies. I thrive in dynamic environments and love tackling new challenges. I view obstacles as a chance to innovate and grow. Looking forward to bringing my enthusiasm to the company.

## EDUCATION

**V.O Chidambaram College**                                                              Thoothukudi, Tamilnadu

## PROJECTS

**E-commerce Website - shopkart**

**Python Django, HTML, CSS, JavaScript, Bootstrap**

Developed an e-commerce website, ShopKart, which is a Django-based e-commerce platform. It has an feature of user authentication and product listing. Users can view the product list, add products to their cart and favorites list. Users review their selections in cart and favorites sections.

**Personal Portfolio**

**HTML, CSS, JavaScript**

Created a portfolio website using HTML, CSS, JavaScript. It provides an opportunity to where I showcase my skills, projects and professional journey in web development. It is fully responsive, providing a seamless browsing experience across all devices.

**Food cart**

**React JS**

Created a simple user friendly and responsive food e-commerce website, Foodcart which is built with React JS. Viewers can add the food to cart and view in the cart section.
